## **SAMURAI, WARFARE AND THE STATE IN EARLY MEDIEVAL JAPAN (PAPERBACK)**

[DOWNLOAD PDF](#)

Taylor Francis Ltd, United Kingdom, 2004. Paperback. Book Condition: New. 230 x 156 mm. Language: English . Brand New Book. Karl Friday, an internationally recognised authority on Japanese warriors, provides the first comprehensive study of the topic to be published in English. This work incorporates nearly twenty years of on-going research and draws on both new readings of primary sources and the most recent secondary scholarship. It overturns many of the stereotypes that have dominated views of the period. Friday analyzes Heian -, Kamakura- and Nambokuchō-period warfare from five thematic angles. He examines the principles that justified armed conflict, the mechanisms used to raise and deploy armed forces, the weapons available to early medieval warriors, the means by which they obtained them, and the techniques and customs of battle. A thorough, accessible and informative review, this study highlights the complex causal relationships among the structures and sources of early medieval political power, technology, and the conduct of war.
