All the ingredients for a delicious meal were right at hand. Suddenly I heard the song - she sang when she cooked - broken midway and abruptly. Where were the onions? All the herbs were there, and so were the spices. Garlic was also there in large quantities, but where were the onions? Imagine cuisines from all over the world which have not been flavored with members of the onion family like onions, garlic, leeks, and shallots. I can just understand how she felt, especially when a large multitude of people all over the world are not going to consider a meal complete, and less it is been accompanied with onions in some form or the other. There are 325 varieties of onions, found all over the world and it has been shown during archaeological surveys and through historical records that onions and mankind go together, just like bacon and eggs, salt-and-pepper and so on. You can eat onions raw, boiled, baked, cooked or in any way you wish. It is believed...
