

Trust and Rationality

Filesize: 5 MB

Reviews

Unquestionably, this is the best operate by any author. It is among the most amazing pdf i actually have read. Its been designed in an remarkably basic way which is just right after i finished reading this pdf by which basically altered me, change the way i believe.

TRUST AND RATIONALITY

VS Verlag Für Sozialw. Okt 2014, 2014. Taschenbuch. Book Condition: Neu. 211x149x25 mm. Neeware - Combining economic, social-psychological and sociological approaches to trust, this book provides a general theoretical framework to causally explain conditional and unconditional trust; it also presents an experimental test of the corresponding integrative model and its predictions. Broadly, it aims at advancing a cognitive turn in trust research by highlighting the importance of (1) an actor's context-dependent definition of the situation and (2) the flexible and dynamic degree of rationality involved. In essence, trust is as multi-faceted as there are cognitive routes that take us to the choice of a trusting act. Therefore, variable rationality has to be incorporated as an orthogonal dimension to the typological space of trust. The theory presents an analytically tractable model; the empirical test combines trust games, high- and low-incentive conditions, framing manipulations, and psychometric measurements, and is complemented by decision-time analyses. 415 pp. Englisch.
