Filesize: 6.79 MB

Reviews

Definitely among the best book I have possibly read. I have study and i am sure that i will going to go through once more once more later on. Your lifestyle span is going to be convert when you full looking at this publication.

(Prof. Damon Kautzer III)

THE LITERARY LORGNETTE: ATTENDING OPERA IN IMPERIAL RUSSIA

Stanford University Press. Hardback. Book Condition: new. BRAND NEW, The Literary Lorgnette: Attending Opera in Imperial Russia, Julie A. Buckler, The "Golden Age" of opera-going in Russia, from the 1840s through the 1880s, coincided with the flourishing of Russian prose realism. During this period, opera and literature exerted a reciprocal influence on one another, each adopting and providing a new context for the other's artistic conventions. Opera permeated the culture of the drawing room so often depicted in literature, and literature simultaneously discovered the opera theater. The relationship between these two artistic genres inspired the use of performative models and conventions in Russian literary art, and led to the interpolation of specific operatic subtexts into literature and life. To many, these genres were antithetical, since opera historically aimed for the high stylistic register, and prose fiction experimented with the low. But the author shows that the attempt to translate opera into prosaic contemporary lives was characteristic of nineteenth-century Russia, since literature provided an alternative cultural theater in Russia to which the opera theater was analogous and parallel. As contested and self-regarding social space, the opera theater offered its visitors a rare public forum. The reception of opera as an art form in Russia resembles the impact of the early cinema on Russian audiences in the early twentieth century, since opera and film both brought about an aesthetic reconfiguring of social space. This book treats opera-going in imperial Russia from multiple perspectives, and discusses such canonical works as Tolstoy's *Anna Karenina* and Goncharov's *Oblomov*, major operatic works including Tchaikovsky's *Eugene Onegin* and Verdi's *La Traviata*, the impact of Western opera in Russia and the Russian-style prima donna. The book engages with poems, sketches, feuilletons, stories, and rarely-discussed Russian novels, as well as non-fictional reminiscences, reviews, and visual images. Throughout, the book...
