APPLICATIONS OF LEARNING CLASSIFIER SYSTEMS

Book Condition: New. Publisher/Verlag: Springer, Berlin | The field called Learning Classifier Systems is populated with romantics. Why shouldn't it be possible for computer programs to adapt, learn, and develop while interacting with their environments? In particular, why not systems that, like organic populations, contain competing, perhaps cooperating, entities evolving together? John Holland was one of the earliest scientists with this vision, at a time when so-called artificial intelligence was in its infancy and mainly concerned with preprogrammed systems that...

Reviews

Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).
-- Pasquale Larkin I

This written book is excellent. It generally is not going to expense a lot of. Its been developed in an extremely straightforward way which is merely right after i finished reading through this pdf where in fact altered me, modify the way i really believe.
-- Miss Aurore Zulauf Sr.

It is an awesome publication which i actually have ever read through. it had been writttern really properly and valuable. I found out this book from my i and dad recommended this pdf to discover.
